

# ALL TERRAIN VEHICLE TRAILERS

**BUILT FOR THE LONG HAUL**

## EXTERIOR STYLE

### FREEDOM OF EXPRESSION.

Personalize your trailer with your own custom color combination and exterior options. Several color options and patterns shown below, see the back for available colors and options.

### COLORFUL AND CONVENIENT.

Besides a wide range of color and styling choices, an entry door can be placed curbside or roadside or on either side of the wedge nose. The ramp door can be placed on either side of the wedge nose.

Red and Black two-tone metal treatment, bright aluminum on the sides and nose, and star wheels.

White and Black two-tone metal treatment, bright aluminum on the sides and nose, and star wheels.

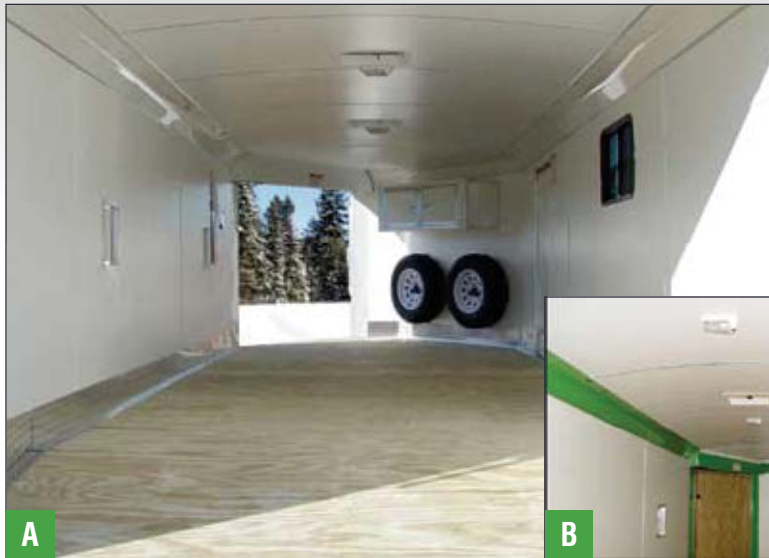

Yellow and Black with bright aluminum on the nose and rear door opening and outlaw wheels.

Arctic Green and Black two-tone metal treatment, bright aluminum on the nose, aluminum treadplate on the sides, and star wheels.

## INTERIOR OPTIONS

### YOU DREAM IT, WE BUILD IT.

The options department at United Trailers leads the industry with often-requested accessories. Your trailer can be custom-built to your specifications.

**A:** Shown on a 8.5' wide trailer are overhead dome lights and all-aluminum cabinets. Other smart features include a roof vent, a spare tire holder on the wall, and a tinted window.

**B:** Shown is color coordinated overhead cabinets and trim.

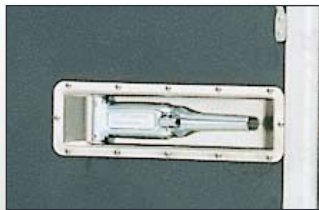

## POPULAR ACCESSORIES

**Neoprene-covered tie-down bars** secure the fronts of sleds while protecting skis from scratches.

**Recessed camlocks** make the back of your trailer both practical and good looking.

**Tinted windows** are available in sizes from 30" x 15" to 48" x 30".

**Roof vents**  
12-volt powered or non powered.

**New 06 Series Aluminum Wheel** adds extra style to your trailer (available in black or silver).

**Secure your cargo** with E-track, E-track clips and heavy-duty D-rings.
